swell's mission

Family owned and operated, Swell Taco's mission is to provide a dining experience similar to the family parties we grew up with in Southern California; a relaxed, warm, and fun atmosphere where every guest feels welcome. Whether you're coming home from the beach with sandy feet or suited up from work, the door is open. Come as you are and kick back; enjoy the tunes, cold drinks, good vibes, great company and of course, amazing food.

Swell's vision is to perpetuate a culture of goodness and of happiness and spread the love beyond our own walls. The love for food, the love of each other, and the love of surf, sun, friends and family...

Peace, Love, LIVE Swell
